

Homework Guidelines

In fourth grade, homework is typically given Monday through Thursday. Your child is responsible for the following each night:

- Read 15+minutes each night. Then log into their Book-in-a-Bag the following: date, title, pages read, adult initials.
- Have their assignment pad signed. This can also be used as a communication tool from home to school. Important announcements, reminders, or long-term projects will also be written to assist with organization.
- Math is given each night. This could be a review of skills or a concept based on the day's lesson.
- Often an additional piece of homework will be assigned as well. This could be in the areas of reading, spelling, science, or social studies.
