

# STAR STUDENT

We like to like to practice *PAW*stive behavior and Star Student helps us do just that!

In our class each child gets to be a Star Student for 1-2 weeks. Students are chosen at random and in boy/girl fashion. When your child gets a letter sent home, typically they have about a week to complete the Star Student poster. This is flexible though-so if it is a busy week, just let me know. 😊 Coming home attached to this poster will be a letter explaining all about it, a homework coupon (which can be used for one night of no homework), and a Star Student bookmark. They are also able to pick out of our classroom treasure chest.

Star student is a wonderful way for students to share about themselves. It helps promote positive self-esteem, encourage a team feeling among the class, and assist with presentation skills-with a subject they know best!😊

They can bring in anything they'd like! Photographs, trophies, items that represent hobbies, or favorite things are some ideas. It's a great way to encourage a community feeling among the classroom and students love it!
