

# 21st Century Times Turkey Hill Edition

March 2026

## Welcome to 21st Century

### A place where everyone belongs!!!

March is madness at 21st Century THS. The morning cooking crew baked up a Lime Poke Cake for St. Patrick's Day afternoon snack. The 2nd Grade enjoyed six week of fun filled science with Ms. Z. They mixed, pour and discover many new science experiments. Special thanks to Ms. Z for a great time, The children in grades 4th-6th learned some new programming skills by using Sphero Bolt in the Monday Stem classes hosted by CT STEM Academy. The Cooking and STEM program is still a program favorite along with Taco, Cat, Goat Cheese Pizza card game.

### Second Grade Science Fun

### Sphero Bolt Gone Wild!

Kids helping kids program Sphero Bolt during Monday Stem program

### Swinging into Spring with Friends

## SAVE THE DATE

21st Century Annual Family Dinner  
May 13th  
(more information to follow)

## PARENTS' CORNER

### Things Parents Should Know!!!

21st Century has a Homework Club on Monday, Tuesday & Thursday. This a place where students can do their homework, or just read for 20 minutes, with Mrs. Fortin or Mr. Marano.

If you child is not attending 21st Century on there schedule day, please email the program.
