

Community Relations

Community Organizations

The Orange Board of Education encourages the creation of parent organizations such as PTA, PTO units and student, teacher, and parent councils as appropriate means of achieving effective and maximum parental involvement with the school system.

The Board encourages the Superintendent of Schools, other administrators, teachers, and other staff members to work closely with the officers and directors of parent organizations.

Among the many services which such associations can offer, the Board especially endorses support for parent/citizen volunteer programs in our schools.

Appropriate recognition of volunteer services shall be made by the Orange Board of Education and the school district administration.
