

Administration**Professional Development**

The Orange Board of Education recognizes the importance of professional development opportunities for new and experienced administrators. As educational leaders in the school system, administrators' active participation in professional development provides positive role models for other staff and students in their dual roles of teacher and learner. Formal acknowledgment of the importance of these reciprocal roles and responsibilities leads to sustained professional growth and learning among administrative staff, which will, in turn, benefit the school community.

A philosophy that promotes continued learning for all educators should permeate professional development programs and practices as an investment in the professional growth of future school leaders.
