

Orange Board of Education Policy, Regulations, Procedures and Forms

P3240

Business and Non-Instructional Operations

Tuition Fees

The Orange Board of Education will permit tuition students of certified teachers and administrators to attend local schools when they can be accommodated in existing classes. The Superintendent of Schools will determine availability and placement. The students shall pay a tuition fee to be established annually by the Board of Education. An annual tuition charge shall be set by the Board after the annual budget is approved.

Certified employees shall receive a tuition credit of no less than fifty percent (50%) of the current net per pupil cost as defined by the State Department of Education.

For those employees who have a child identified as eligible for special education and related services, their child will be accepted in those Orange programs deemed appropriate for the child by a duly convened Planning and Placement Team (PPT) from the nexus community. The tuition credit for the child shall be in accordance with the aforementioned provision. Any cost to the Orange school district in excess of the next special education tuition rate for the implementation of a specific child's individual education plan (IEP) shall, in addition to the special education tuition rate quoted above, be the responsibility of the parent or home school district.
