Personnel - Certified and Non-Certified Smoking, Drinking, and Use of Drugs on School Premises

Introduction

The Board of Education is concerned with maintaining a safe and healthy working and learning environment for all staff and students. Medical research indicates that the use of alcohol, drugs and (all tobacco products) are hazardous to one's health. In addition to the health hazard to the individual, certified employees are entrusted with the responsibility of imparting knowledge and serving as role models to students.

Alcohol and Drugs

The Board of Education recognizes the importance of maintaining a drug-free environment for its staff and students. In compliance with federal and state requirements, employees are prohibited from the unlawful manufacture, distribution, dispensing, possession or use on or in the workplace of any alcohol, narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana products, any other controlled substance, or any other intoxicants of any kind. Controlled drugs are further defined in Schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation at 21 C.F.R. 1300.11 through 1300.15.

The "workplace" is defined to mean the site for the performance of work done. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities, off school property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

Each employee shall notify their supervisor of their arrest for any criminal drug statute violation occurring in the workplace as defined above, no later than 5 days after such conviction.

Each employee shall abide by the terms of the school district policy respecting a drug-free and alcohol-free workplace.

An employee who violates the terms of this policy may be required to complete successfully an appropriate rehabilitation program, or may not be renewed, or their employment may be suspended or terminated, at the discretion of the Board.
