Temporary and Part-Time Personnel

The Board of Education shall employ such persons as may be needed to conduct the business of the school district in accordance with Board policy and state statutes and regulations of the Commissioner of Education. Such employment, if not budgeted, would require the official action of the Board of Education.

The Board of Education recognizes that there are times when extra-ordinary conditions warrant that the Superintendent hire temporary personnel in advance of official action. Under such conditions the Superintendent may hire temporary personnel in advance of official action by the Board to insure the continuity of the district's functions and program. The Superintendent shall report such actions to the Board during a regular Board meeting.
