

3.28.16 personnel policy transportation subcommittee minutes

In attendance:

Rosemary Slowik, Dr. Scarpetti, Dr. Russo, Susan Riccio, Kimberly Browe, Mara Saccente, and Christian Young

Convened 8:33 pm

With Ms. Slowik, reviewed the “physical restraint and seclusion” policy 5144.1 and prepared it for a “first read” by the Board.

Ms. Slowik indicated the need for policy on special education testing.

The resident/non-resident student policy 5118 was addressed, particularly a question as to the need for any requests for admissions or internal transfers to be brought to the full Board for a vote, or, whether the determination and decision could remain with the Superintendent’s office. All concurred that the decision could be made by the Superintendent without requiring a full Board vote.

Policy 5141.4 reporting of child abuse, neglect, sexual assault, was reviewed and edited in preparation towards a “first read” presentation to the Board. There were some questions and concerns as to why particular language was used [“by a school employee”] that could be misunderstood in the application of the policy. Dr. Scarpetti agreed to make further inquiry as to its particular purpose, applicability, or necessity.

Policy 5141.3 was reviewed and approved to be presented as a “first read” to the Board.

Adjourned 9:24 pm
