

Buildings & Grounds / Safety & Security Sub-Committee Minutes

Present: Dr. Vince Scarpetti, Bill Kraut, Jeff Cap, Mary-Jo Sierakowski, Deanna Pucillo, Christian Young, Mike Luzzi

Called to Order: 5:10 p.m.

Discussed a minor leak issue with Peck Place that is being repaired under warranty.

Discussed the bathrooms at Racebrook getting locks installed in the doors. Twenty-nine doors were fitted with locks using a state bid contractor. Labor and materials came to \$6,014.30.

Discussed the outdoor lights behind Turkey Hill illuminating the basketball and playground area. The ambient light from the new LED light bulbs was noticed by adjoining residents during the lack of foliage in the Winter and a shielding hood was installed on the lights.

Discussed a repair to a Peck Place waste water pipe. After the repair, an alarm/alert system was installed to send an internet alert in the event of a future issue. As a measure of prudence, the alarm/alert system was also installed on the school's boiler.

Discussed the modification of a garage door at Racebrook to avoid any risk of damage to the new truck.

Discussed Assistant Police Chief Cuzzo's interest in a new emergency alert system and desire to view a presentation. Scheduling was discussed.

Discussion was had regarding the upcoming Bond Committee and ADA review and bathroom modifications for Turkey Hill.

The meeting adjourned at 5:33 p.m.
