Meeting called to order.

Discussion – 2017-18 Ad Hoc Capitol Projects Request.

Discussion & Review of the Ad Hoc projects. In 2015 we asked for three items and received two. In 2016 we asked for four items and received three of them. For 2017 the committee discussed and “Wiring for Ethernet” at \$60,000 “Cameras Inside School Buses” at \$47,500. “MotoTRBO Digital IP Site Connect Radio System” at \$22,800. “BMS (Building Management System for MLT/Board Office” at \$11,000. “Wireless Microphones for Upstairs Conference Room” at \$12,000. “Roof Top Video System for Three Elementary Schools” at \$97,900.

Discussion took place on how these items came about and the order of them. There are several very good reasons as to each item listed and how they are important to the board of ed. Much discussion was discussed regarding the bus video cameras. The committee will reach out to the head bus drivers for their feedback.

The committee also discussed needed security cameras & lighting at THS and lighting upgrades at Peck Place School. Mr. Luzzi to quote this items out.

Meeting Ended at 6:32 PM
