

My name is Jennifer Grabel and I have been working at Mary L Tracy School since 2008. I am the Speech and Language Pathologist for Pre-K, Kindergarten and the Consultation Center.

As a Speech and Language Pathologist, I work with students, their teachers and their families in various ways to provide the necessary supports to ensure each student's success.

I am excited to start another school year with all of you! Please feel free to contact me with questions and/or concerns.
