

Mrs. Kiley

"Learning is a treasure that will follow its owner everywhere."

Chinese Proverb

I have had the pleasure of teaching at The Peck Place School since 1993. Prior to teaching in Orange, I have taught in private and public schools throughout Connecticut. I enjoy serving on several committees and being a mentor teacher for college students who would like to join the profession.

I have a variety of interests! Some include spending time with family and friends, reading, traveling, listening to all types of music, visiting museums, attending sporting events, and learning about the world around us. I believe there is something new to learn every day!
