Publications Assistant, Illinois State Medical Society
Tennis instructor
Waitress
- Goal:** Instill a love for learning in her students

A Teacher is Not...

A teacher is not a person looking for a road to glory,

But receives pleasure from reading children a story.

A teacher is not a person with great salary expectations,

But is repaid by a child's smile during a brief moment of revelation.

A teacher is not a person working only from nine to five

But thinking and planning all the time-keeps a teacher's heart alive.
