

All about Mrs. Papa

I am thrilled to be a part of Mary L. Tracy School! I began my teaching career in Orange, teaching first grade for several years at Turkey Hill School. I have also taught first grade at Race Brook School. I have previously taught kindergarten at Mary L. Tracy and enjoyed every minute! I earned my bachelor's degree in education from Central Connecticut State University, and hold a Master's degree in reading from Southern Connecticut State University.

I am married and have two wonderful daughters and a little furry friend named Cleo, my mini-schnauzer! I enjoy reading, spending time with family and friends, and I love the beach!

I feel very proud to be a part of the Orange school system. I value the opportunity to work with talented colleagues, to partner with caring families, but most of all-I am so happy and excited to teach the children of Orange!
