

Hi, My name is Emily McKennan and I am a Speech and Language Pathologist (SLP). This is my eleventh year at Race Brook School where I work with students in grades one through six. I have a Bachelors and a Masters degree in Communication Disorders from Southern Connecticut State University. I hold a Certificate of Clinical Competence from the American Speech, Language and Hearing Association (ASHA), a Public Health License, as well as an Educator License. I enjoy working with elementary students with a variety of language impairments.

In my free time I enjoy traveling, cake decorating, and taking my dog, Casey, for walks.

Please stop by my room to say hello!
