

All about Mr. Olden...

I grew up on the beaches of New Jersey, playing guitar and singing in my church choir. After student teaching in Readington, NJ, I graduated from The College of New Jersey (formerly Trenton State College) with a Bachelors of Music Education. Upon moving to Connecticut I attended the Hartt School of Music at The University of Hartford, earning a Master of Music with Richard Provost, specializing in classical guitar. I have the good fortune to be teaching in Orange for 12 years, directing the school orchestra which includes students from grades 4, 5, and 6.
