SEPTEMBER 2019

Welcome back!

It's great having everyone back! Also welcome to the new families joining us at 21st Century this school year!

We have been spending much of our afternoons enjoying the sunshine and warm temperatures (while we can)! The children have been jumping rope, playing 4 square, tennis racket baseball, kick ball, wall ball, basketball, flag football, soccer and doing some wonderful artwork with chalk on the blacktop. Some of the children have been just enjoying "running" around and being with their new and old friends!

On one of the rainy days the children watched the original *Peter Pan* movie, which brought out a lot of giggles!

The arts/crafts for September were painting with watercolors, making marble art pictures, designing embroidered friendship bracelets, worked with iron beads, made baskets with apples in it, using sliced apples as

stamps, pencil bookmarks, rubber band bracelets, Indian corn magnets, thumbprint animals, and they designed their own puzzles!!

We celebrated July, August and September birthdays by singing "Happy Birthday" while enjoying dirt pudding with "worms"!

Our cooking project for this month was pretzel bites!

We are happy to announce that our Homework Club has started! We have some wonderful Peck Place

School teachers helping the children with their homework.

If you have any questions or suggestions, please feel free to call me at (203) 891-1048 or email me at mnapier@orange-ed.org.

See you next month!

Myra
